I have lived in the Shire Of Kent most of my life growing up on a farm north east of Nyabing. For the last 7 years I have lived in and managed a farm in Pingrup so I feel I have great knowledge of both towns and communities within the shire.

I am also a qualified Auto Electrician where I did my apprenticeship in Perth and worked on Boddington mine for 7 years where I learnt great knowledge of working in a team environment.

Being a parent of two boys I want the best for their futures and want to know that they will be apart of a great community like I was growing up.

I believe I have great team building attributes and a very approachable person.
